AWS CLOUD MIGRATION AND CONSULTANCY SERVICES

We help you to migrate to AWS Cloud with Confidence

Amazon Web Services (AWS) is the world's most comprehensive and broadly adopted cloud platform. Millions of customers including the fastest-growing startups, largest enterprises and leading government organizations are using AWS to **lower costs**, become **more agile** and **innovate faster**.

Benefits of AWS Cloud Computing

- Cost saving
- Agility
- Elasticity
- Pay as you go pricing
- Deploy globally in minutes

Customer Benefits of Hybrid

AGILITY — ACCELERATE TIME TO MARKET, EXTEND TO THE CLOUD, SCALE SEAMLESSLY

COMPLEXITY AND RISK — OPTIMIZE COSTS, MINIMIZE SECURITY VULNERABILITIES, MANAGE ACROSS IT FOOTPRINTS

Average infrastructure cost saving VS on premises up to 70%

Instead of buying, owning & maintaining, you can access technology services such as computing power, storage, and database on an as needed basis.

Who uses & what for:

✔ Organizations of every type, size and industry are using AWS cloud for a wide variety of use cases:

- Virtual desktops, data backup, disaster recovery, email, software development and testing, big data analytics and customer facing web applications

Hybrid Outcomes

Tight integration | Run workloads on the cloud | Run workloads on-premises | Reduce DC investments

Hybrid Solution

We help you to integrate your on-premises and cloud operations together as a Hybrid cloud architecture by which you will enjoy cost benefits, security and scalability to the maximum.

Moreover, you can start your new project with us as an extension to the cloud.

We design, configure and implement best AWS cloud architecture for you assuring you of its ROI.
